SENTENCE

I. Introduction

1. Mr Vari pleaded guilty and accepted the summary of facts in relation to one charge of cultivation of cannabis plants, contrary to Section 4 of the Dangerous Drugs Act [CAP. 12]. The maximum sentence for this offence is a term of 20 years imprisonment and/or a fine up to VT100 million.

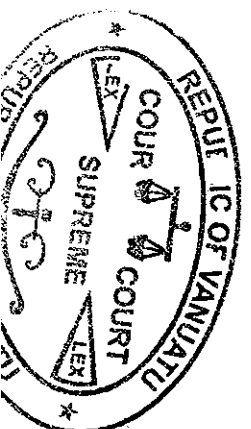

II. Facts

2. Mr Kalo James is the complainant in this case. He is the neighbour of the Defendant, Mr Vari.
3. On the 7th of November 2024, the complainant was filling up his tank when he saw the defendant walking up to his mother's garden. He observed that the defendant went to his mother's garden and was looking at a plant in the garden. He noticed that the defendant was holding the leaves and branch of that plant.
4. After filling up his tank, the complainant went close to the garden and inspect the plant. On close inspection he saw that the plant was cannabis. He then reported it to the police. On that same day police officers went to the garden and uprooted 14 stems of what they believed to be cannabis plants and the defendant was then arrested.

5. A cannabis presumptive test was conducted on the plants and it confirmed that they were in fact cannabis plants.

III. Aggravating and Mitigating Factors of the offending

6. There were no mitigating factors to the offending, but the following aggravating features of the offending exist:
